EMERGENCY VEHICLES

MOTOR AMBULANCA

Superior Design and Space Utilization

Designed to meet the needs of developing countries. Its contemporary design can be customized to individual requirements and it delivers everything health service providers require - durability and reliability.

Everything in its Place

We provide an extensive range of medical equipment sourced from leading global suppliers. Medical equipment is built into the ambulance where it fits securely and is in easy reach. Every Ambulance can be equipped entirely to a customer's requirements. Every item is in its place.

100%
MADE IN ALBANIA

Specifications
