SUPERIOR DESIGN

WASTE MANAGEMENT

Garbage Truck is designed to carry waste and recycling material. Our recycling garbage trucks offer different solutions for these more difficult-to-compress wastes and thus contribute to collect more recyclable material.

It is designed for the daily transport of garbage. It prevents the spread of waste and avoid odors and avoid pollution second time extracted from contaminated water.

100%
MADE IN ALBANIA

TIMAK Waste Management vehicles for every purpose!

01 REFUSE COLLECTION VEHICLE

Rear Loader Refuse Truck is design to different spect for every countries for 6 m³ to 32 m³ on truck chassis.

Standart Features

Working Pressure: 170 – 190 bar

Hydraulic Pump: 36 – 90 cm³/d (cm³/rev) – maks. 1500 d/d (rpm)

Oil Tank: 80 – 240 lt

P.T.O: 750 d/d (rpm) – 1500 d/d (rpm)

Cycle time: 20 – 35 sn (sec.)

Hydraulic cylinder: 9 Unit (depent on type of container lifting device)

02 REFUSE COMPACTOR WITH CRANE FOR UNDERGROUND CONTAINERS

TIMAK offers productive solutions for underground waste containers which are mounted on the back of vehicle cabin, on the haulage and on the rear cover my means of the cranes produced by internationally famous brands like Sotkon, Molok, Ovas, Nord.

Standart Features

Box volume: 10,16,20 m³

Rear chamber volume: 1 – 1.5m³

Box Type: Body with straight sidewalls

Body Material: St 52

Loading Type: Crane system

Notes: Images are for illustrative purposes only and may appear different to the actual vehicle.

03 SKIP LOADER

The Skip Loader design to carry containers of uncompactable solid waste has structure which extension arms, too, can be added to according to the need. Stabilization legs (jacks) can be made horizontal or vertical depending on the load state.

Standart Features

Lifting Capacity (max): 10.000 kg

Max. Interior Loading Platform Width: 2030 mm

Reach Lenght: 2600-3700 mm

Max. Container Volume: 10 m³

Max. Operating Pressure: 220 bar

Oil Tank Volume: 120-140 lt

04 MINI TIPPER

Maxi Tipper was made by Timak, 3,5 -6 tone in vehicle group having 4-6m³ capacity, both have compacting and lifting container system, those vehicles feature small and maeuverability are easy solution for collecting garbage in cities. Because of vehicle cabin entry height is low, provides comfortable use for drivers.

At the same time under the favour of transferring to the other bigger garbage truck, gives a non stop service in the crowded cities.

05 MAXI TIPPER

Container Lifting Compacting **Mini Tipper** is a both user friendly and environmentalist solution because of using mini vehicle.

THE SOLUTION *for* **CLEAN ENVIROMENT**

THANK YOU!
